ON GOVERNMENT PROCUREMENT"**

Decision of 30 March 2012

The Committee on Government Procurement,

*Having regard* to paragraph 9 of Article XXIV of the WTO Agreement on Government Procurement done at Marrakesh on 15 April 1994 ("the 1994 Agreement");

*Considering* that not all the Parties to the 1994 Agreement may be able to conclude their domestic procedures for acceptance of the Protocol by the time the Protocol has entered into force and that therefore, there may be a period when not all the Parties to the 1994 Agreement are Parties to the Protocol;

*Decides* as follows:

Thereafter the Protocol shall enter into force for each Party to the 1994 Agreement that has deposited its instrument of acceptance thereof, on the 30<sup>th</sup> day following the date of such deposit.
3. Upon the entry into force of the Protocol,
  - (a) as between a Party to the 1994 Agreement, which is also a Party to the Protocol, and a Party only to the 1994 Agreement, the 1994 Agreement shall apply, including Appendix I of the 1994 Agreement; and
  - (b) a Party that has accepted the Protocol shall only be required to provide access to the procurement that it covers under Appendix I attached to the Protocol to the other Parties that have accepted the Protocol.
4. Any terms of accession to the 1994 Agreement agreed after the date of this Decision, pursuant to paragraph 2 of Article XXIV of the 1994 Agreement, shall provide that, upon entry into force of the Protocol, the acceding WTO Member shall be bound by the Protocol.

Hereby *agree* as follows:

1. The Preamble, Articles I through XXIV, and Appendices to the 1994 Agreement shall be deleted and replaced by the provisions as set forth in the Annex hereto.
2. This Protocol shall be open for acceptance by the Parties to the 1994 Agreement.
3. This Protocol shall enter into force for those Parties to the 1994 Agreement that have deposited their respective instruments of acceptance of this Protocol, on the 30<sup>th</sup> day following such deposit by two thirds of the Parties to the 1994 Agreement. Thereafter this Protocol shall enter into force for each Party to the 1994 Agreement which has deposited its instrument of acceptance of this Protocol, on the 30<sup>th</sup> day following the date of such deposit.
4. This Protocol shall be deposited with the Director-General of the WTO, who shall promptly furnish to each Party to the 1994 Agreement a certified true copy of this Protocol, and a notification of each acceptance thereof.

### *Application of Agreement*

1. This Agreement applies to any measure regarding covered procurement, whether or not it is conducted exclusively or partially by electronic means.

2. For the purposes of this Agreement, covered procurement means procurement for governmental purposes:

- (a) of goods, services, or any combination thereof:
  - (i) as specified in each Party's annexes to Appendix I; and
  - (ii) not procured with a view to commercial sale or resale, or for use in the production or supply of goods or services for commercial sale or resale;
- (b) by any contractual means, including: purchase; lease; and rental or hire purchase, with or without an option to buy;

4. Each Party shall specify the following information in its annexes to Appendix I:

5. Where a procuring entity, in the context of covered procurement, requires persons not covered under a Party's annexes to Appendix I to procure in accordance with particular requirements, Article IV shall apply *mutatis mutandis* to such requirements.

#### *Valuation*

6. In estimating the value of a procurement for the purpose of ascertaining whether it is a covered procurement, a procuring entity shall:

- (a) neither divide a procurement into separate procurements nor select or use a particular valuation method for estimating the value of a procurement with the intention of

totally or partially excluding it from the application of this Agreement; and

- (b) include the estimated maximum total value of the procurement over its entire duration, whether awarded to one or more suppliers, taking into account all forms of remuneration, including:
  - (i) premiums, fees, commissions and interest; and
  - (ii) where the procurement provides for the possibility of options, the total value of such options.

7. Where an individual requirement for a procurement results in the award of more than one contract, or in the award of contracts in separate parts (hereinafter referred to as "recurring contracts"), the calculation of the estimated maximum total value shall be based on:

- (a) the value of recurring contracts of the same type of good or service awarded during the preceding 12 months or the procuring entity's preceding fiscal year, adjusted, where possible, to take into account anticipated changes in the quantity or value of the good or service being procured over the following 12 months; or
- (b) the estimated value of recurring contracts of the same type of good or service to be awarded during the 12 months following the initial contract award or the procuring entity's fiscal year.

8. In the case of procurement by lease, rental or hire purchase of goods or services, or procurement for which a total price is not specified, the basis for valuation shall be:

- (a) in the case of a fixed-term contract:
  - (i) where the term of the contract is 12 months or less, the total estimated maximum value for its duration; or
  - (ii) where the term of the contract exceeds 12 months, the total estimated maximum value, including any estimated residual value;
- (b) where the contract is for an indefinite period, the estimated monthly instalment multiplied by 48; and
- (c) where it is not certain whether the contract is to be a fixed-term contract, subparagraph (b) shall be used.

### **Article III Security and General Exceptions**

1. Nothing in this Agreement shall be construed to prevent any Party from taking any action or not disclosing any information that it considers necessary for the protection of its essential security interests relating to the procurement of arms, ammunition or war materials, or to procurement indispensable for national security or for national defence purposes.

2. Subject to the requirement that such measures are not applied in a manner that would constitute a means of arbitrary or unjustifiable discrimination between Parties where the same conditions prevail or a disguised restriction on international trade, nothing in this Agreement shall be construed to prevent any Party from imposing or enforcing measures:

- (a) necessary to protect public morals, order or safety;
- (b) necessary to protect human, animal or plant life or health;
- (c) necessary to protect intellectual property; or
- (d) relating to goods or services of persons with disabilities, philanthropic institutions or prison labour.

#### **Article IV      General Principles**

##### *Non-Discrimination*

1. With respect to any measure regarding covered procurement, each Party, including its procuring entities, shall accord immediately and unconditionally to the goods and services of any other Party and to the suppliers of any other Party offering the goods or services of any Party, treatment no less favourable than the treatment the Party, including its procuring entities, accords to:

- (a) domestic goods, services and suppliers; and
- (b) goods, services and suppliers of any other Party.

2. With respect to any measure regarding covered procurement, a Party, including its procuring entities, shall not:

- (a) treat a locally established supplier less favourably than another locally established supplier on the basis of the degree of foreign affiliation or ownership; or
- (b) discriminate against a locally established supplier on the basis that the goods or services offered by that supplier for a particular procurement are goods or services of any other Party.

##### *Use of Electronic Means*

3. When conducting covered procurement by electronic means, a procuring entity shall:

- (a) ensure that the procurement is conducted using information technology systems and software, including those related to authentication and encryption of information, that are generally available and interoperable with other generally available information technology systems and software; and
- (b) maintain mechanisms that ensure the integrity of requests for participation and tenders, including establishment of the time of receipt and the prevention of inappropriate access.

##### *Conduct of Procurement*

4. A procuring entity shall conduct covered procurement in a transparent and impartial manner that:

- (a) is consistent with this Agreement, using methods such as open tendering, selective tendering and limited tendering;

- (b) avoids conflicts of interest; and
- (c) prevents corrupt practices.

#### *Rules of Origin*

5. For purposes of covered procurement, a Party shall not apply rules of origin to goods or services imported from or supplied from another Party that are different from the rules of origin the Party applies at the same time in the normal course of trade to imports or supplies of the same goods or services from the same Party.

#### *Offsets*

6. With regard to covered procurement, a Party, including its procuring entities, shall not seek, take account of, impose or enforce any offset.

#### *Measures Not Specific to Procurement*

7. Paragraphs 1 and 2 shall not apply to: customs duties and charges of any kind imposed on, or in connection with, importation; the method of levying such duties and charges; other import regulations or formalities and measures affecting trade in services other than measures governing covered procurement.

### **Article V      Developing Countries**

1. In negotiations on accession to, and in the implementation and administration of, this Agreement, the Parties shall give special consideration to the development, financial and trade needs and circumstances of developing countries and least developed countries (collectively referred to hereinafter as "developing countries", unless specifically identified otherwise), recognizing that these may differ significantly from country to country. As provided for in this Article and on request, the Parties shall accord special and differential treatment to:

- (a) least developed countries; and
- (b) any other developing country, where and to the extent that this special and differential treatment meets its development needs.

2. Upon accession by a developing country to this Agreement, each Party shall provide immediately to the goods, services and suppliers of that country the most favourable coverage that the Party provides under its annexes to Appendix I to any other Party to this Agreement, subject to any terms negotiated between the Party and the developing country in order to maintain an appropriate balance of opportunities under this Agreement.

3. Based on its development needs, and with the agreement of the Parties, a developing country may adopt or maintain one or more of the following transitional measures, during a transition period and in accordance with a schedule, set out in its relevant annexes to Appendix I, and applied in a manner that does not discriminate among the other Parties:

- (a) a price preference programme, provided that the programme:
  - (i) provides a preference only for the part of the tender incorporating goods or services originating in the developing country applying the preference or goods or services originating in other developing countries in respect of

which the developing country applying the preference has an obligation to provide national treatment under a preferential agreement, provided that where the other developing country is a Party to this Agreement, such treatment would be subject to any conditions set by the Committee; and

- (ii) is transparent, and the preference and its application in the procurement are clearly described in the notice of intended procurement;
- (b) an offset, provided that any requirement for, or consideration of, the imposition of the offset is clearly stated in the notice of intended procurement;
- (c) the phased-in addition of specific entities or sectors; and
- (d) a threshold that is higher than its permanent threshold.

4. In negotiations on accession to this Agreement, the Parties may agree to the delayed application of any specific obligation in this Agreement, other than Article IV:1(b), by the acceding developing country while that country implements the obligation. The implementation period shall be:

- (a) for a least developed country, five years after its accession to this Agreement; and
- (b) for any other developing country, only the period necessary to implement the specific obligation and not to exceed three years.

5. Any developing country that has negotiated an implementation period for an obligation under paragraph 4 shall list in its Annex 7 to Appendix I the agreed implementation period, the specific obligation subject to the implementation period and any interim obligation with which it has agreed to comply during the implementation period.

6. After this Agreement has entered into force for a developing country, the Committee, on request of the developing country, may:

- (a) extend the transition period for a measure adopted or maintained under paragraph 3 or any implementation period negotiated under paragraph 4; or
- (b) approve the adoption of a new transitional measure under paragraph 3, in special circumstances that were unforeseen during the accession process.

7. A developing country that has negotiated a transitional measure under paragraph 3 or 6, an implementation period under paragraph 4 or any extension under paragraph 6 shall take such steps during the transition period or implementation period as may be necessary to ensure that it is in compliance with this Agreement at the end of any such period. The developing country shall promptly notify the Committee of each step.

8. The Parties shall give due consideration to any request by a developing country for technical cooperation and capacity building in relation to that country's accession to, or implementation of, this Agreement.

9. The Committee may develop procedures for the implementation of this Article. Such procedures may include provisions for voting on decisions relating to requests under paragraph 6.

10. The Committee shall review the operation and effectiveness of this Article every five years.

**Article VI Information on the Procurement System**

1. Each Party shall:
  - (a) promptly publish any law, regulation, judicial decision, administrative ruling of general application, standard contract clause mandated by law or regulation and incorporated by reference in notices or tender documentation and procedure regarding covered procurement, and any modifications thereof, in an officially designated electronic or paper medium that is widely disseminated and remains readily accessible to the public; and
  - (b) provide an explanation thereof to any Party, on request.
2. Each Party shall list:
  - (a) in Appendix II, the electronic or paper media in which the Party publishes the information described in paragraph 1;
  - (b) in Appendix III, the electronic or paper media in which the Party publishes the notices required by Articles VII, IX:7 and XVI:2; and

    - (ii) its notices concerning awarded contracts pursuant to Article XVI:6.
3. Each Party shall promptly notify the Committee of any modification to the Party's information listed in Appendix II, III or IV.

**Article VII Notices**

*Notice of Intended Procurement*

1. For each covered procurement, a procuring entity shall publish a notice of intended procurement in the appropriate paper or electronic medium listed in Appendix III, except in the circumstances described in Article XIII. Such medium shall be widely disseminated and such notices shall remain readily accessible to the public, at least until expiration of the time-period indicated in the notice. The notices shall:
  - (a) for procuring entities covered under Annex 1, be accessible by electronic means free of charge through a single point of access, for at least any minimum period of time specified in Appendix III; and
  - (b) for procuring entities covered under Annex 2 or 3, where accessible by electronic means, be provided, at least, through links in a gateway electronic site that is accessible free of charge.

Parties, including their procuring entities covered under Annex 2 or 3, are encouraged to publish their notices by electronic means free of charge through a single point of access.

2. Except as otherwise provided in this Agreement, each notice of intended procurement shall include:

- (a) the name and address of the procuring entity and other information necessary to contact the procuring entity and obtain all relevant documents relating to the procurement, and their cost and terms of payment, if any;
- (b) a description of the procurement, including the nature and the quantity of the goods or services to be procured or, where the quantity is not known, the estimated quantity;
- (c) for recurring contracts, an estimate, if possible, of the timing of subsequent notices of intended procurement;
- (d) a description of any options;
- (e) the time-frame for delivery of goods or services or the duration of the contract;

- (j) a list and brief description of any conditions for participation of suppliers, including any requirements for specific documents or certifications to be provided by suppliers in connection therewith, unless such requirements are included in tender documentation that is made available to all interested suppliers at the same time as the notice of intended procurement;
- (k) where, pursuant to Article IX, a procuring entity intends to select a limited number of qualified suppliers to be invited to tender, the criteria that will be used to select them and, where applicable, any limitation on the number of suppliers that will be permitted to tender; and
- (l) an indication that the procurement is covered by this Agreement.

*Summary Notice*

3. For each case of intended procurement, a procuring entity shall publish a summary notice that is readily accessible, at the same time as the publication of the notice of intended procurement, in one of the WTO languages. The summary notice shall contain at least the following information:

- (a) the subject-matter of the procurement;
- (b) the final date for the submission of tenders or, where applicable, any final date for the submission of requests for participation in the procurement or for inclusion on a multi-use list; and

*Notice of Planned Procurement*

4. Procuring entities are encouraged to publish in the appropriate paper or electronic medium listed in Appendix III as early as possible in each fiscal year a notice regarding their future procurement plans (hereinafter referred to as "notice of planned procurement"). The notice of planned procurement should include the subject-matter of the procurement and the planned date of the publication of the notice of intended procurement.

5. A procuring entity covered under Annex 2 or 3 may use a notice of planned procurement as a notice of intended procurement provided that the notice of planned procurement includes as much of the information referred to in paragraph 2 as is available to the entity and a statement that interested suppliers should express their interest in the procurement to the procuring entity.

**Article VIII Conditions for Participation**

1. A procuring entity shall limit any conditions for participation in a procurement to those that are essential to ensure that a supplier has the legal and financial capacities and the commercial and technical abilities to undertake the relevant procurement.

2. In establishing the conditions for participation, a procuring entity:

- (a) shall not impose the condition that, in order for a supplier to participate in a procurement, the supplier has previously been awarded one or more contracts by a procuring entity of a given Party; and
- (b) may require relevant prior experience where essential to meet the requirements of the procurement.

3. In assessing whether a supplier satisfies the conditions for participation, a procuring entity:

- (a) shall evaluate the financial capacity and the commercial and technical abilities of a supplier on the basis of that supplier's business activities both inside and outside the territory of the Party of the procuring entity; and
- (b) shall base its evaluation on the conditions that the procuring entity has specified in advance in notices or tender documentation.

4. Where there is supporting evidence, a Party, including its procuring entities, may exclude a supplier on grounds such as:

- (a) bankruptcy;
- (b) false declarations;
- (c) significant or persistent deficiencies in performance of any substantive requirement or obligation under a prior contract or contracts;
- (d) final judgments in respect of serious crimes or other serious offences;

- (c) the time necessary for transmitting tenders by non-electronic means from foreign as well as domestic points where electronic means are not used.

Such time-periods, including any extension of the time-periods, shall be the same for all interested or participating suppliers.

##### *Deadlines*

2. A procuring entity that uses selective tendering shall establish that the final date for the submission of requests for participation shall not, in principle, be less than 25 days from the date of publication of the notice of intended procurement. Where a state of urgency duly substantiated by the procuring entity renders this time-period impracticable, the time-period may be reduced to not less than 10 days.

3. Except as provided for in paragraphs 4, 5, 7 and 8 a procuring entity shall establish that the final date for the submission of tenders shall not be less than 40 days from the date on which:

- (a) in the case of open tendering, the notice of intended procurement is published; or
- (b) in the case of selective tendering, the entity notifies suppliers that they will be invited to submit tenders, whether or not it uses a multi-use list.

4. A procuring entity may reduce the time-period for tendering established in accordance with paragraph 3 to not less than 10 days where:

- (a) the procuring entity has published a notice of planned procurement as described in Article VII:4 at least 40 days and not more than 12 months in advance of the publication of the notice of intended procurement, and the notice of planned procurement contains:

- (b) the procuring entity, for recurring contracts, indicates in an initial notice of intended procurement that subsequent notices will provide time-periods for tendering based on this paragraph; or
- (c) a state of urgency duly substantiated by the procuring entity renders the time-period for tendering established in accordance with paragraph 3 impracticable.

5. A procuring entity may reduce the time-period for tendering established in accordance with paragraph 3 by five days for each one of the following circumstances:

- (a) the notice of intended procurement is published by electronic means;
- (b) all the tender documentation is made available by electronic means from the date of the publication of the notice of intended procurement; and
- (c) the entity accepts tenders by electronic means.

6. The use of paragraph 5, in conjunction with paragraph 4, shall in no case result in the reduction of the time-period for tendering established in accordance with paragraph 3 to less than 10 days from the date on which the notice of intended procurement is published.

7. Notwithstanding any other provision in this Article, where a procuring entity purchases commercial goods or services, or any combination thereof, it may reduce the time-period for tendering established in accordance with paragraph 3 to not less than 13 days, provided that it publishes by electronic means, at the same time, both the notice of intended procurement and the tender documentation. In addition, where the entity accepts tenders for commercial goods or services by electronic means, it may reduce the time-period established in accordance with paragraph 3 to not less than 10 days.

8. Where a procuring entity covered under Annex 2 or 3 has selected all or a limited number of qualified suppliers, the time-period for tendering may be fixed by mutual agreement between the procuring entity and the selected suppliers. In the absence of agreement, the period shall not be less than 10 days.

## **Article XII Negotiation**

1. A Party may provide for its procuring entities to conduct negotiations:
  - (a) where the entity has indicated its intent to conduct negotiations in the notice of intended procurement required under Article VII:2; or
  - (b) where it appears from the evaluation that no tender is obviously the most advantageous in terms of the specific evaluation criteria set out in the notice of intended procurement or tender documentation.
2. A procuring entity shall:
  - (a) ensure that any elimination of suppliers participating in negotiations is carried out in accordance with the evaluation criteria set out in the notice of intended procurement or tender documentation; and
  - (b) where negotiations are concluded, provide a common deadline for the remaining participating suppliers to submit any new or revised tenders.

## **Article XIII Limited Tendering**

1. Provided that it does not use this provision for the purpose of avoiding competition among suppliers or in a manner that discriminates against suppliers of any other Party or protects domestic suppliers, a procuring entity may use limited tendering and may choose not to apply Articles VII through IX, X (paragraphs 7 through 11), XI, XII, XIV and XV only under any of the following circumstances:

- (a) where:
  - (i) no tenders were submitted or no suppliers requested participation;
  - (ii) no tenders that conform to the essential requirements of the tender documentation were submitted;
  - (iii) no suppliers satisfied the conditions for participation; or
  - (iv) the tenders submitted have been collusive,

provided that the requirements of the tender documentation are not substantially modified;

  - (ii) the protection of patents, copyrights or other exclusive rights; or

- (iii) due to an absence of competition for technical reasons;
- (c) for additional deliveries by the original supplier of goods or services that were not included in the initial procurement where a change of supplier for such additional goods or services:
  - (i) cannot be made for economic or technical reasons such as requirements of interchangeability or interoperability with existing equipment, software, services or installations procured under the initial procurement; and
  - (ii) would cause significant inconvenience or substantial duplication of costs for the procuring entity;
- (d) insofar as is strictly necessary where, for reasons of extreme urgency brought about by events unforeseeable by the procuring entity, the goods or services could not be obtained in time using open tendering or selective tendering;
- (e) for goods purchased on a commodity market;
- (f) where a procuring entity procures a prototype or a first good or service that is developed at its request in the course of, and for, a particular contract for research, experiment, study or original development. Original development of a first good or service may include limited production or supply in order to incorporate the results of field testing and to demonstrate that the good or service is suitable for production or supply in quantity to acceptable quality standards, but does not include quantity production or supply to establish commercial viability or to recover research and development costs;
- (g) for purchases made under exceptionally advantageous conditions that only arise in the very short term in the case of unusual disposals such as those arising from liquidation, receivership or bankruptcy, but not for routine purchases from regular suppliers; or
- (h) where a contract is awarded to a winner of a design contest provided that:
  - (i) the contest has been organized in a manner that is consistent with the principles of this Agreement, in particular relating to the publication of a notice of intended procurement; and
  - (ii) the participants are judged by an independent jury with a view to a design contract being awarded to a winner.

1. A procuring entity shall receive, open and treat all tenders under procedures that guarantee the fairness and impartiality of the procurement process, and the confidentiality of tenders.
2. A procuring entity shall not penalize any supplier whose tender is received after the time specified for receiving tenders if the delay is due solely to mishandling on the part of the procuring entity.
3. Where a procuring entity provides a supplier with an opportunity to correct unintentional errors of form between the opening of tenders and the awarding of the contract, the procuring entity shall provide the same opportunity to all participating suppliers.

##### *Awarding of Contracts*

4. To be considered for an award, a tender shall be submitted in writing and shall, at the time of opening, comply with the essential requirements set out in the notices and tender documentation and be from a supplier that satisfies the conditions for participation.
5. Unless a procuring entity determines that it is not in the public interest to award a contract, the entity shall award the contract to the supplier that the entity has determined to be capable of fulfilling the terms of the contract and that, based solely on the evaluation criteria specified in the notices and tender documentation, has submitted:
  - (a) the most advantageous tender; or
  - (b) where price is the sole criterion, the lowest price.
6. Where a procuring entity receives a tender with a price that is abnormally lower than the prices in other tenders submitted, it may verify with the supplier that it satisfies the conditions for participation and is capable of fulfilling the terms of the contract.

Subject to paragraphs 2 and 3 of Article XVII, a procuring entity shall, on request, provide an unsuccessful supplier with an explanation of the reasons why the entity did not select its tender and the relative advantages of the successful supplier's tender.

6. Where a Party requires notices concerning awarded contracts, pursuant to paragraph 2, to be published electronically and where such notices are accessible to the public through a single database in a form permitting analysis of the covered contracts, the Party may substitute a notification to the Committee of the website address for the submission of the data under paragraph 4, with any instructions necessary to access and use such data.

## **Article XVII Disclosure of Information**

### *Provision of Information to Parties*

1. On request of any other Party, a Party shall provide promptly any information necessary to determine whether a procurement was conducted fairly, impartially and in accordance with this Agreement, including information on the characteristics and relative advantages of the successful tender. In cases where release of the information would prejudice competition in future tenders, the Party that receives the information shall not disclose it to any supplier, except after consulting with, and obtaining the agreement of, the Party that provided the information.

### *Non-Disclosure of Information*

2. Notwithstanding any other provision of this Agreement, a Party, including its procuring entities, shall not provide to any particular supplier information that might prejudice fair competition between suppliers.

3. Nothing in this Agreement shall be construed to require a Party, including its procuring entities, authorities and review bodies, to disclose confidential information where disclosure:

- (d) would otherwise be contrary to the public interest.

#### **Article XVIII Domestic Review Procedures**

1. Each Party shall provide a timely, effective, transparent and non-discriminatory administrative or judicial review procedure through which a supplier may challenge:

- (a) a breach of the Agreement; or
- (b) where the supplier does not have a right to challenge directly a breach of the Agreement under the domestic law of a Party, a failure to comply with a Party's measures implementing this Agreement,

arising in the context of a covered procurement, in which the supplier has, or has had, an interest. The procedural rules for all challenges shall be in writing and made generally available.

2. In the event of a complaint by a supplier, arising in the context of covered procurement in which the supplier has, or has had, an interest, that there has been a breach or a failure as referred to in paragraph 1, the Party of the procuring entity conducting the procurement shall encourage the entity and the supplier to seek resolution of the complaint through consultations. The entity shall accord impartial and timely consideration to any such complaint in a manner that is not prejudicial to the supplier's participation in ongoing or future procurement or its right to seek corrective measures under the administrative or judicial review procedure.

3. Each supplier shall be allowed a sufficient period of time to prepare and submit a challenge, which in no case shall be less than 10 days from the time when the basis of the challenge became known or reasonably should have become known to the supplier.

4. Each Party shall establish or designate at least one impartial administrative or judicial authority that is independent of its procuring entities to receive and review a challenge by a supplier arising in the context of a covered procurement.

5. Where a body other than an authority referred to in paragraph 4 initially reviews a challenge, the Party shall ensure that the supplier may appeal the initial decision to an impartial administrative or judicial authority that is independent of the procuring entity whose procurement is the subject of the challenge.

- (a) rapid interim measures to preserve the supplier's opportunity to participate in the procurement. Such interim measures may result in suspension of the procurement process. The procedures may provide that overriding adverse consequences for the interests concerned, including the public interest, may be taken into account when deciding whether such measures should be applied. Just cause for not acting shall be provided in writing; and
  - (b) where a review body has determined that there has been a breach or a failure as referred to in paragraph 1, corrective action or compensation for the loss or damages suffered, which may be limited to either the costs for the preparation of the tender or the costs relating to the challenge, or both.

### *Notification of Proposed Modification*

1. A Party shall notify the Committee of any proposed rectification, transfer of an entity from one annex to another, withdrawal of an entity or other modification of its annexes to Appendix I (any of which is hereinafter referred to as "modification"). A withdrawal pursuant to this paragraph shall be consistent with any criteria relating to the level of compensatory adjustment adopted by the Committee pursuant to paragraph 8(c).

*Arbitration Procedures to Facilitate Resolution of Objections*

7. Where the Committee has adopted arbitration procedures to facilitate the resolution of objections pursuant to paragraph 8, a modifying or any objecting Party may invoke the arbitration procedures within 120 days of circulation of the notification of the proposed modification:

- (a) Where no Party has invoked the arbitration procedures within the time-period:
  - (i) notwithstanding paragraph 5(c), the proposed modification shall become effective where 130 days from the date of circulation of the notification of the proposed modification under paragraph 1 have elapsed, and the modifying Party has informed the Committee in writing of its intention to implement the modification; and
  - (ii) no objecting Party may withdraw coverage pursuant to paragraph 6.

2. An indicative list of Other Entities (Utilities) is attached.

<sup>1</sup> According to the EEA utilities directive, a public undertaking is any undertaking over which the contracting authorities may exercise directly or indirectly a dominant influence by virtue of their ownership of it, their financial participation therein, or the rules which govern it.

A dominant influence on the part of the contracting authorities shall be presumed when these authorities, directly or indirectly, in relation to an undertaking:

- hold the majority of the undertaking's subscribed capital, or
- control the majority of the votes attaching to shares issued by the undertaking, or
- can appoint more than half of the undertaking's administrative, management or supervisory body.

<sup>2</sup> As regards transport services, a network shall be considered to exist where the service is provided under operating conditions laid down by a competent authority, such as conditions on the routes to be served, the capacity to be made available or the frequency of the service.

**Notes to Annex 3**

  - (a) by a procuring entity from an affiliated undertaking<sup>3</sup>; or
  - (b) by a joint venture formed exclusively by a number of procuring entities for the purpose of carrying out a relevant activity within the meaning of paragraphs (a) to (e) of this Annex, from an undertaking which is affiliated with one of these procuring entities,

provided that at least 80 per cent of the average turnover of the affiliated undertaking with respect to goods, services or construction services for the preceding three years derives respectively from the provision of such services or goods to undertakings with which it is affiliated.

When, because of the date on which an affiliated undertaking was created or commenced activities, the turnover is not available for the preceding three years, it will be sufficient for that undertaking to show that the turnover referred to in this paragraph is credible, in particular by means of business projections.

4. This Agreement does not cover procurement:
  - (a) by a joint venture, formed exclusively by a number of procuring entities for the purpose of carrying out activities within the meaning of paragraphs (a) to (e) of this Annex, from one of these procuring entities; or

---

5. The supply of drinking water or electricity to networks which provide a service to the public by a procuring entity other than a contracting authority shall not be considered as a relevant activity within the meaning of paragraph (a) or (b) of this Annex where:

- (a) the production of drinking water or electricity by the entity concerned takes place because its consumption is necessary for carrying out an activity other than that referred to in paragraphs (a) to (e) of this Annex; and
- (b) supply to the public network depends only on the entity's own consumption and has not exceeded 30 per cent of the entity's total production of drinking water or energy, having regard to the average for the preceding three years, including the current year.

6. The following shall not be considered as covered procurement:

- procurement by procuring entities operating in the fields of:

## ANNEX A

### DECISION OF THE COMMITTEE ON GOVERNMENT PROCUREMENT ON NOTIFICATION REQUIREMENTS UNDER ARTICLES XIX AND XXII OF THE AGREEMENT

Decision of 30 March 2012

The Committee on Government Procurement,

*Considering* the importance of transparency of laws and regulations relevant to this Agreement, including changes thereto as required by Article XXII:5 of the Agreement;

*Considering* also the importance of maintaining accurate lists of entities covered under a Party's Annexes to Appendix I of the Agreement, in accordance with Article XIX of the Agreement;

*Acknowledging* the challenges to Parties of submitting timely notifications to the Committee of changes to their laws and regulations relevant to the Agreement, as required by Article XXII:5 of the Agreement, and of proposed rectifications to its Annexes to Appendix I, as required by Article XIX:1 of the Agreement;

*Considering* that the provisions of Article XIX of the Agreement distinguish between notifications of proposed rectifications that do not change the mutually agreed coverage provided for in the Agreement and other types of proposed modifications of its Annexes to Appendix I;

*Recognizing* that technological changes have allowed many Parties to make use of electronic means to provide information on their government procurement regimes and to notify Parties of changes to that regime;

*Hereby decides* as follows:

#### Annual Notifications of Changes in Laws and Regulations

1. Where a Party maintains officially designated electronic media that provide links to its current laws and regulations relevant to this Agreement and its laws and regulations are available in one of the WTO official languages, and such media are listed in Appendix II, the Party may fulfil the requirement in Article XXII:5 by notifying the Committee annually, at the end of the year, of any changes unless such changes are substantive, that is, they may affect the Party's obligations under the Agreement; and in such cases, a notification shall be made immediately.
2. The Parties shall have an opportunity to discuss the annual notification of a Party during the first informal meeting of the Committee in the following year.

#### Proposed Rectifications of a Party's Annexes to Appendix 1

3. The following changes to a Party's Annexes to Appendix I shall be considered a rectification under Article XIX of the Agreement:
  - (a) a change in the name of an entity;
  - (b) merger of two or more entities listed within an Annex; and

- (c) the separation of an entity listed in an Annex into two or more entities that are all added to the entities listed in the same Annex.

4. In the case of proposed rectifications to a Party's Annexes under Appendix I covered under paragraph 3, the Party shall notify the Committee every two years, commencing with the entry into force of the Protocol of Amendment to the Existing (1994) Agreement.

5. A Party may notify the Committee of an objection to a proposed rectification within 45 days from the date of the circulation to the Parties of the notification. In accordance with Article XIX:2, where a Party submits an objection, it shall set out the reasons for the objection, including the reasons why it believes the proposed rectification would affect the mutually agreed coverage under the Agreement and therefore the proposed rectification is not subject to paragraph 3. If there is no written objection, the proposed rectifications become effective 45 days after the circulation of the notification, as provided for in Article XIX:5(a).

6. Within four years of the adoption of this Decision, the Parties shall review its operation and effectiveness, and make any necessary adjustments.

**ANNEX B**

**DECISION OF THE COMMITTEE ON GOVERNMENT PROCUREMENT  
ON ADOPTION OF WORK PROGRAMMES**

Decision of 30 March 2012

The Committee on Government Procurement,

*Noting* that pursuant to Article XXII:8(b), the Committee may adopt a decision listing additional work programmes, which the Committee shall undertake to facilitate the implementation of the Agreement and the negotiations provided for in Article XXII:7 of the Agreement;

Decides as follows:

1. The following work programmes are added to the list of work programmes on which the Committee shall conduct future work:
