

**ANNEX III**  
**NON-CONFORMING MEASURES OF THE UNITED STATES**  
**WITH RESPECT TO FINANCIAL SERVICES**

**Headnotes**

1. Commitments in these sub-sectors under the Agreement are undertaken subject to the limitations and conditions set forth in these headnotes and in the Schedule below.
2. National treatment commitments in these subsectors are subject to the following limitations:
  - (a) National treatment with respect to banking will be provided based upon the foreign bank's "home state" in the United States, as that term is defined under the International Banking Act, where that Act is applicable. A domestic bank subsidiary of a foreign firm will have its own "home state," and national treatment will be provided based upon the subsidiary's home state, as determined under applicable law.<sup>1</sup>
  - (b) National treatment with respect to insurance financial institutions will be provided according to a non-U.S. insurance financial institution's state of domicile, where applicable, in the United States. State of domicile is defined by individual states, and is generally the state in which an insurer either is incorporated, is organized, or maintains its principal office in the United States.
3. To clarify the U.S. commitment with respect to Article 11.4 Agreement (Market Access for Financial Institutions), juridical persons supplying banking or other financial services (excluding insurance) and constituted under the laws of the United States are subject to non-discriminatory limitations on juridical form.<sup>2</sup>
4. The United States limits its commitments under Article 11.9.1(c) (Non-Conforming Measures) with respect to Article 11.4 (Market Access for Financial Institutions) in the following manner: with respect to banking and other financial services (excluding insurance), Article

---

<sup>1</sup> Foreign banking organizations are generally subject to geographic and other limitations in the United States on a national treatment basis. Where such limitations do not conform to national treatment, they have been listed as non-conforming measures. For purposes of illustration, under this approach, the following situation does not accord national treatment and would therefore be listed as a non-conforming measure: a foreign bank from a particular home state is accorded less favorable treatment than that accorded to a domestic bank from that state with respect to expansion by branching.

<sup>2</sup> For example, partnerships and sole proprietorships are generally not acceptable juridical forms for depository financial institutions in the United States. This headnote is not itself intended to affect, or otherwise limit, a choice by a financial institution of the other Party between branches or subsidiaries.

11.9.1(c) shall apply only to non-conforming measures relating to Article 11.4 (a) and not to those non-conforming measures relating to Article 11.4(b).
